

INSTITUTE PARTY LEAVES TONIGHT

To Visit Southern Counties to
Teach Science of Farming
And Housekeeping.

TAKING MUCH EQUIPMENT.

Lectures to be Given in Many Towns
With Practical Demonstrations
From Recognized Experts.

The Farmers' Institute party leaves for the southern counties over the Salt Lake route at 11 o'clock tonight. The party consists of Prof. Lewis A. Merrill, who is director of Farmers' Institutes in this state, Prof. John T. Caine, III, Miss Hazel Love, Prof. Geo. M. Turpin, Miss Frank S. Hayden, all of whom are from the State Agricultural college. The party goes to St. George, where it will spend the entire time next week in a series of lectures and practical demonstrations. The members are preparing to give people a splendid reception, and the members are assured that there will be a large audience to greet them in their own homes.

The party is taking considerable equipment, and is prepared to give the most practical and helpful work of the most practical and helpful nature. A stereopticon is being taken along and some 500 views of farming conditions and operations in the state will be shown.

Prof. Merrill will talk on the subjects of general agriculture, soil fertility, dry farming, etc. Miss Love treats on home topics, domestic science problems, sanitation, etc. and during the afternoon will conduct a stock judging school. Prof. Turpin is the poultry man at the college, and is prepared to give a fairly complete course in poultry husbandry. Mr. Hayden will take care of the horticultural questions, so the party is fairly well equipped to cover the problems of most interest and concern to the people of the southern counties.

At the end of the week's exercises, Governor Spry, Congressman Howell, and A. C. Nelson join the party and the people of Dixie are preparing to give these gentlemen a kindly reception. All of these men will take part in the work of the school, being scheduled for lectures on Friday evening and on Saturday of next week.

At the conclusion of the work at St. George, the party will proceed to Cedar where a similar course will be given; then to Fillmore, then to Beaver, and the last week before the holidays will be spent at Nephi. A five weeks' trip is planned, and it is hoped that much good will result from the efforts of the institute workers. Last year the farmers' institutes were attended by more than 2,000 men and women of the state, and Prof. Merrill believes that the attendance this year will be even larger.

A lady liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulator (25 cents per box) corrects the liver, tones the stomach, cures constipation.

EXAMINATION OF BARBERS.

The State Board of Examiners of Barbers will meet for the examination of applicants at Secretary's office 17 W. Temple, Salt Lake City on Nov. 12 and 13.

BY ORDER OF THE BOARD,
D. WATTS, Secy.

MORTENFEST CELEBRATED.

Danish Brotherhood Observes Anniversary in Scandinavian Calendar.

"Mortenfest," the feast of Martin, one of the more notable festival observances on the Scandinavian calendar, was celebrated Thursday evening, by the Danish lodge of the Danish Brotherhood of this city in the "Fellows' hall." There was a short musical program preceding the supper, including a recitation from Miss Annie Gothenberg, Jensen. Dr. A. N. Hansen officiated as toastmaster, with the following speakers responding to toasts: Willard F. Jensen, to "America," A. B. Villgren, to "Denmark," and Thorwald Olson, to "Kjendens" or "The Women." The reception committee was composed of Julius Hansen, chairman; Mrs. Peterson, Sophus H. Lund, Willard Hansen, Axel Jorgensen and A. E. Villgren.

The feast is observed in northern Scandinavia in celebration of Martin Luther's birthday, the southern Scandinavians celebrating the anniversary of the victory of Charles Martel over the Moors at Tours, France, in 732, when the Mahomedans were driven over the Pyrenees into Spain.

A Visit to the New York Style Show

Will put you in touch with the newest
ideas of correct dress for men.

We show the new models of

STRONG STATEMENT BY LOCAL MATRON

"Stomach Man" Enthusiastically
Indorsed by Woman He
Made Well.

SUFFERED FOUR YEARS.

Cooper Claims Ninety-five Per Cent of
His Health Is Caused
By Stomach.

A strong statement concerning the Cooper "stomach man" was made yesterday at the Smith drug store at the "Busy Corner" by Mrs. Richard Hawley, of 453 South First West street. She declared she had been entirely cured of stomach troubles of four years standing by the treatment of the young "customer" whose new theories have stirred so much comment since his arrival here. Cooper's most radical theory is that 95 per cent of all ill-health is caused by stomach trouble. He has an enthusiastic convert in Mrs. Hawley. She said: "About four years ago I began to suffer severely from stomach trouble. I doctored for it but it seemed to me to grow steadily worse. I lost flesh, was tired and half sick all the time, and the pains I suffered after eating finally grew so bad I feared I had cancer. Taking food into my stomach became torture. Gas would form, I would become nauseated and feel faint, with dizzy spells. Then palpitation of the heart, which followed, made me fear, and almost wish I was going to die.

"Those who knew me here in Salt Lake knew that I would not say this for anyone unless it were true, but this man Cooper's remedy certainly cured me of all these sufferings. I consulted him in the east, where I first heard of him, and when I knew he was here in town I was glad to be able to come in and tell him what his remedy did for me. When I began taking his treatment I could not eat a particle of solid food and now I can eat anything. It did not stop the pains suddenly, but it cured the stomach trouble completely, and now I am perfectly well."

The "stomach man" seemed one of the busiest men in Salt Lake when interviewed, but though he cut his statement short, it was characteristically brief.

"Stomach trouble is at the root of nearly all the sickness and half-sickness you see here in Salt Lake. Thousands of persons have come to see me who have been suffering for years with what they thought was every form of disease. In nine cases out of ten I found the fault was stomach trouble. People eat unwisely for years and then when disease overtakes them they wonder why. The stomach becomes coated with a catarrhal substance and food cannot digest. Consequently it literally rots and ferments. This poisons into the blood, upsets the liver and the kidneys and clogs the bowels so they can not work. Remove the cause—the stomach trouble—and all the other diseases disappear with it. This is what my remedy does, and that is why Mrs. Hawley has just told you what she has, and why thousands of people all over the country, whose names I can give you, will tell you the same thing."

PLEA FOR PARKS AND PLAYGROUNDS

Miss Rosalie Pollock Advocates Acquisition of Plots More Accessible Than Liberty Park.

"Public Playgrounds and Baths" was the subject of an address last night by Miss Rosalie Pollock before the Unity club. A discussion generally and enthusiastically entered into followed the talk. Miss Pollock is in charge of the primary work in the city school. The lecturer advocated the acquisition of more parks by the city, places more easy of access than Liberty park, and said that much more attention should be given to organizing the play for children. She said that the school buildings should be used all the year for social purposes, by night as well as by day.

"Physical, mental and moral health follow well directed play," said Miss Pollock. "Plenty of vigorous play is the greatest antidote to vice and crime, and the tension of modern life is so great that a splendid preparation is more and more needed in order to be ready for the fray when the time comes."

Miss Pollock called attention to what is being done abroad for the children and earnestly advocated the establishment of gardens with every school, in which the youngsters could delve to their hearts' content and be given the fruits of their labor. She also advised the establishment of free public baths and said that the great advantage of the lake should be placed within the reach of all.

MACKEY NOW HAS TWO BILLS TO PAY

Murray Man Loses His Appeal to
The Supreme
Court.

OPINION BY JUSTICE STRAUP.

Case Involved Jurisdiction of District
Court, Which Was Denied and
Judgment Stands.

Edward Mackey of Murray has two bills to pay instead of one, since the supreme court handed down a decision yesterday afternoon dismissing his appeal to the Third district court and deciding that Judge Morris L. Ritchie had no jurisdiction in the case. The court held the judgment valid in the justice's court obtained against Mackey for \$61.10 by the Coalville Mercantile company and then taxed the costs of the appeal to the supreme court against him, which will amount to about \$50.

The mercantile company secured judgment against Mackey on Jan. 11, 1909, in the justice's court at Murray. Mackey appealed his case to the district court. The undertaking was defective and the mercantile company asked to have the appeal dismissed on the grounds that the records did not show that any notice of an undertaking had been filed and served upon the adverse party before the appeal was taken, as provided by the statutes.

Judge Ritchie denied the motion to dismiss the case and assumed jurisdiction. An application for a writ of mandamus was obtained in the supreme court arresting the further action of the court and upon a hearing it was made permanent and the case dismissed. Chief Justice D. N. Straup wrote the opinion and his associates concurred with him. It was held that these technicalities were material and the statutes had to be followed out in order to give a higher court jurisdiction of a case appealed from a lower court.

EXPRESS COMPANY SEED.

The E. Stenard Fur company of Salt Lake filed suit yesterday against the Wells, Fargo Express company to recover \$200, the price of a set of furs lost by the express company between Salt Lake and Los Angeles. The furs were shipped on March 15, 1909 to A. W. Colburn of Los Angeles but he never received them.

Reliable Furs.

Accurate judgment of the true value of furs requires an amount of experience and training, few persons not interested in the fur business have an opportunity to acquire the only protection against loss and disappointment is to buy furs of a house of established reputation, the name Mackey stands for a leader in the fur business of the country. Established 29 years.

Hamlin Paints Signs, Both Phones.

L. D. S. BUSINESS COLLEGE TERM

On November 15, the L. D. S. Business College will begin a winter course of instruction in all branches of the institution. It is provided for young men who, on account of their agricultural duties, are unable to take the full year's course. It will cover a period of four months and cost the nominal sum of \$20. The young man who will not take advantage of this opportunity is not wise. We send catalogues on application.

UTAH HEALTH LEAGUE NAMES COMMITTEES

Work Mapped Out to be Vigorously
Prosecuted by Officers and
Members.

The board of directors of the Utah Health league held a meeting on Monday, Nov. 8, at which a number of committees were appointed to carry out the purposes of the organization. The work mapped out for the league will be vigorously pushed by the committees named, and by the officers, who are as follows: James E. Talmage, president; F. A. Clark, vice president; Mrs. C. H. McMahon, secretary and treasurer, and M. S. Browning, John Derr, Heber J. Grant, Charles S. Tingey, William H. King and J. A. Hyde, directors. The committees named are as follows: Animal and dairy inspection—Dr. F. A. Clark, Logan; Dr. W. R. Caldwell, Dr. W. R. Tyndale, John Ernest, W. F. Jensen, Ben R. Eldredge. Food products—Herman Harms, chairman, Ben R. Eldredge, Dr. W. M. Stockey, Mrs. C. W. Watson, Mrs. T. G. Webber. Contagious diseases—Dr. W. R. Caldwell, chairman; Dr. E. G. Gowan, C. F. Wilcox, N. B. Ewing and A. A. Bird. Water supply—T. B. Cutler, chairman; Prof. W. C. Ebbasch, Herman Harms, Drs. C. F. Wilcox, W. R. Caldwell. Drainage and sewer system—Dr. A. C. Behle, chairman; Dr. L. C. Ewing, W. N. Ellerbeck, Nephi L. Morris. Street sanitation—Spencer Clawson, chairman; Samuel Newhouse, Nephi L. Morris, F. A. Druehl, Dr. R. W. Fisher. Legislative—Judge W. H. King, chairman; F. S. Richards, Drs. T. B. Beaty, Joseph S. Richards, Mrs. N. A. Empey. Publicity—Heber J. Grant, chairman; W. G. Farrell, C. C. Neslen, Drs. N. Browne Ewing, R. T. Richards. Membership—All members of the board of directors, Dr. R. T. Richards, chairman, Drs. S. B. Allen, W. R. Caldwell, G. W. Middleton, Prof. W. C. Ebbasch, Rev. W. M. Paden, Rev. F. S. Spalding, Samuel Newhouse, Mrs. N. A. Empey, Mrs. C. W. Watson, Mrs. T. G. Webber.

There will be an important meeting of the league held Nov. 30; detailed announcement to be made later.

BACK FROM THE SOUTH.

Food Commissioner Smith Inspects
Stocks in Utah's Dixie.

Deputy Food Commissioner Heber C. Smith has returned from an extended inspection trip through the far southern sections of the state. He brought back a lot of samples of groceries selected at random, which will be analyzed by the state chemist, and which include, "olive" oil, jelly, "cascades," flavings, napies, teas, vinegars, and other things in that line. Mr. Smith says he found as a general thing that grocers kept good stock, and were ready to comply with the
